Winding Down the Summer and Moving into Fall!

Notes from the President...

While the weather is still warm, the club has been working to reengage with our current members and connecting with new members.

In August, we participated in Sizzling Summer Nights on Main Street where we allowed kids to climb on a couple of sleds and discussed snow on a 90 degree night.

We also hosted our annual Club Membership Campout in September where we enjoyed good food, good company, camp fires, and go-karts. The participation for this event is growing, and we may need to look for a larger space to accommodate in case of inclement weather.

We have also designed club decals that can be placed on vehicles and sleds that are now for sale. The decals are being sold for \$10 per set. The set includes one larger decal and two smaller decals. Also for sale are the SDSA Big Payout Raffle. If you would like to purchase either the decals or a raffle ticket, please reach out to a board member as these are great way to support the sport we love.

Warm regards,

Kelly Weismantel
