Notes from the President...

As fall wraps up, we want to take a moment to share what the Drift Busters have been up to! It's been a warm and extended season, but we've been hard at work promoting the sport and gearing up for an exciting riding season ahead.

We're thrilled to announce that we've acquired a new-to-us groomer! This substantial upgrade to our previous equipment will greatly enhance our trail grooming efficiency once the snow begins to fall. We're eager to see the difference it makes in maintaining our trails.

Recently, some of our members participated in Northern State University's Homecoming Parade. It was a fantastic opportunity to showcase our new banners and sled, and our youngest members had a blast throwing candy to the crowds lining Main Street.

Moreover, we just wrapped up our 3rd annual Show and Shine in celebration of International Snowmobile Day. The turnout was impressive, and we had our event set up right in front of Ken's Super Fair Foods on 6th Ave. This year, we expanded the event to include a dedicated section for used sleds for sale and even had a snowmobile simulator for attendees to enjoy. It was a great time for all, and several new members signed up for the online safety course!

A heartfelt thank you goes out to all our dedicated members who volunteered for the parade, brought their sleds to the Show and Shine, and those who will be marking trails soon. Your contributions truly make a difference and are much appreciated!

Now, let's welcome the snow and hit the trails!

Warm Regards,

Kelly Weismantel

President of the Aberdeen Drift Buster Snowmobile Club
